

## Nick & Amy Modrzejewski

Reliant missionaries at the University of Illinois with Illini Life Christian Fellowship.

November 20, 2023

Dear partners in ministry,

Many of you have given generously — through finances and your time in prayer — enabling us to serve as missionaries at the University of Illinois for years now. Thank you for your continued commitment to and partnership with Reliant on our behalf in advancing God's Kingdom. As we've shared in prayer letters this fall, there is an openness to the Gospel and spiritual conversations from students that we haven't seen in recent years. Maybe it's the aftermath of the pandemic, or maybe is a generation seeking answers to their ever increasing levels of anxiety. Whatever the earthly explanation, the spiritual reality is that God is at work and we're excited to be part of sharing Jesus on this campus.

As 2023 comes to a close, we are sure, you've received a number of requests for extra giving this holiday season. So have we, and we're thankful for the ways we can give to further The Gospel beyond our local context. Partnering with God's mission to reach all people is so exciting!

We wanted to bring another request before you.

As we look to the work ahead in 2024 we're under funded by \$891 per month. **We're prayerfully asking the Lord to provide \$10,692 this coming year in additional funds to cover this shortfall.**

As you think about your year-end-giving, **would you consider giving to Reliant on our behalf to help meet this need?**

There are a number of ways you could help should you decide to do so. You can **start** giving regularly if you currently don't. You can **increase** your regular gift to help our ongoing support. You can **double** your gift this month. Or you can give a **special** gift of any amount. You can give online at the Reliant website: <https://reliant.org/nick.modrzejewski> by clicking "Give Now."

By His Grace,

Nick & Amy Modrzejewski
