

New Beginnings

February 2026

Nick & Amy Modrzejewski

Missionaries on the campus of University of Illinois with Illini Life Christian Fellowship

i-life Spring Semester Overnights & Missions

Hello! We hope this finds you well as winter's end draws near. The first 6 weeks of the Spring semester are behind us and we're quickly approaching Spring Break.

This year we have an excited team of 12 students and 2 staff heading to Memphis, TN to work with Service Over Self, our longtime Spring Break Missions destination and partnership. We love this ministry and how they've been Jesus' hands and voice in this community for decades. Join us in praying for safe travel to and from Memphis for the team, and for the Lord to use the trip to bless those they'll be serving and grow our team as they are shaped by their experience there.

As February draws to a close we also wrap up our season of overnights. On back-to-back weekends this year the women and men gathered for their separate overnight retreats. Amy had a chance to speak with our young women at the Women's Overnighter. Her and a few of the other women in our church spoke about what it means to them to be engaged in ministry as a women throughout all the stages of their lives, even after having children.

From Friday night through Saturday afternoon the women gathered to learn, share, pray and enjoy building each other up. Several of our women invited friends to attend with them and begin to meet other women in the church.

This coming weekend the Men of Illini Life will gather for a similar time, focused on experiencing abundant life in Christ. We have several men lined up to share about faithfully pursuing Christ throughout various stages of life: unmarried, married, married with children, married with grown children. We invite you to pray the time is well attended and fruitful for all present. Pray for those attending that are just getting to know us as a church; that they would get connected and strengthened in their faith.

Thank You!

Many of you gave generously in November, December and January to help offset the shortfall in support we were projected to have this coming year. Thank you so much for your prayers and giving, resulting in us being fully funded for the coming year of ministry! We are so encouraged and grateful for all you do in support of the Gospel going out at the U of I through us.

Prayer Requests

- Pray for the women of Illini Life to continue to be blessed by their time at the overnighter.
- Pray for the men of Illini Life to be built up in their faith at the overnighter.
- For our Spring Break missions trip to Memphis, TN.
